Many of our business customers ask us to design marketing materials and write copy to help them promote their company and services.

Our production department has team of talented designers & writers to help create your **PROFILE**. Our service provides great design and editorial published in a digital and print format.

Our special edition **PROFILES** gives insight into the working lives of the people who make up South Florida, because every business & entrepreneur has a unique story to tell.

PROFILES is a combination of your company's editorial story and photography showcasing you, your services, history and how you make it happen.

Through our Special Edition, we will deliver your story directly to the residents of Ft. Lauderdale, Hollywood, Hallandale Beach, Sunny Isles Beach & Miami Beach.

To help tell your story, your full-page color advertorial will be a collaborative effort between you and a professional journalist and photographer. In addition to the printed article, you will receive your story in an electronic format you can reproduce and use with online, social media or print promotions, marketing, customer direct mail communications or as a flyer to tell your clients and prospects more about your business, products and services.

All of this for \$450. If you would like to be featured on the cover, the cost is \$1,000.
